PRELIMINARY AMENDMENT

Sir:

The following Amendment is submitted prior to examination to place the claims in
condition to conform to United States practice. Entry of this amendment and examination on
the merits are respectfully requested.

IN THE CLAIMS:

Please amend Claims 1-18 and 20 as follows:

-- 1. (Amended) An LPS-binding and -neutralizing peptide comprising the amino acid
sequence X-1-2-3-4-5-6-7-8-9-10-11-12-13-Y, wherein:

X is a linear chain from zero to four amino acids [.];

AI
Com't

(1) is one of the amino acids alanine, threonine, glutamine, asparagine or
serine; and if [and only if] at least one of the a.a. at positions +5, +9, +10, +11 or +13 [has
been replaced] (from the native LBP sequence) [according to what is herein described,] is
replaced by any of SEQ ID Nos. 2 to 63, then (1) could also be arginine or lysine[.];

(2) is one of the amino acids alanine, valine, isoleucine, leucine,
phenylalanine, methionine, tryptophan or tyrosine[.];
